# Demand #1: Stop Fixing Up Harvey

Harvey's 4 current charges are all the result of fix-ups.

**MCN-900647-2020**

1st Charge: Penal Code § 426

**2 Feb 2020, 10.45am – 12.00pm:**

Harvey attends Liberty League's re-launch event held at Bethel Presbyterian Church where Liberty League founder Leslie Lung spoke against repealing Penal Code § 377A.

In response, she cites her Feb 2014 rape and her resultant High Court suit against NHG (for which her 33rd Pre-Trial Conference was on **3 Feb 2020, the next day**). Leslie Lung was visibly unable to refute Harvey in front of audience of 400+ at his own re-launch event, a major source of embarrassment both for him and for Singapore's Christian far-right.

**This was the pivotal incident which prompted Singapore's Christian far-right to initiate Operation High Tide.**

**3 Feb 2020, 10.15am – 12.15pm:**

Harvey attends 33rd Pre-Trial Conference for her High Court civil suit HC/S 1314/2016 at the Supreme Court building. She had filled her thermos flask with coffee, which she had consumed before her Pre-Trial Conference.

**Liberty League had sent someone to spike the coffee inside her thermos flask with phencyclidine when she had left her flask unattended. This caused her to encounter a PTSD flashback and accidentally flip a marble table at 11.16am while under the brief belief that her rapist was physically present, after which she was arrested and prevented from leaving the building.**

She has since made full restitution of \$308/- to the Supreme Court for the damaged table.

**Incident: 3 Feb 2020**

Harvey flips marble table in Level 2 common area of Supreme Court building, causing it to break.

**Charged: 1 Jun 2020**

**Arraigned: 15 Jun 2020**

**MAC-910699-2021**

2nd Charge: PoHA § 6(3)

**9 Aug 2021, 8.00pm – 10.00pm:**

Mercury files false anonymous police report under another person's name alleging that a third person would release anthrax spores at a bus interchange. Police arrested Mercury within 2 hours after tracing report to Mercury.

**IO Roger Seah offers to release Mercury from police custody in exchange for false testimony against Harvey, threatening to detain Mercury indefinitely under CLTPA should Mercury refuse. During police interrogation, Mercury also falsely names Harvey as mastermind of anthrax hoax.**

**13 Aug, 15 Aug, and 2 Sep 2021:**

Mercury files police report on **13 Aug 2021 falsely alleging that Harvey intentionally flipped the marble table on 3 Feb 2020 and faked her PTSD**. Harvey files police report on **15 Aug 2021** to refute Mercury's false allegations, and Mercury files police report on **2 Sep 2021** to retract said false allegations.

**7 Oct 2021 – 8 Oct 2021:**

IO Roger Seah and police officers show up at Harvey's flat on **7 Oct 2021** at 12.20pm to demand her whereabouts while she was not home. Harvey agrees to 2pm appointment the next day, but police officers show up again at 7.30pm before she reached home to demand her whereabouts. Harvey attends police appointment but was interrogated as suspect for Mercury's anthrax hoax, with her electronic devices seized for 46 days instead of 1 week as she had been informed.

**Incident: 15 Nov 2021**

Harvey publishes Instagram story with ill-wishes against IO Roger Seah for how he had treated her.

**Charged: 22 Nov 2021**

**Arraigned: 29 Nov 2021**

**MAC-910700-2021**

3rd Charge: PoHA § 3(2)

**26 Nov 2014, 9.17pm:**

Harvey files police report against her rapist for raping her in IMH Remand Ward 75A on **24 Feb 2014** and then repeatedly molesting her from **24 Feb 2014 to 2 Mar 2014**.

**She was remanded to IMH on 22 Feb 2014 for a 2014 bomb hoax she did not commit but was instead falsely accused of due to a 2013 bomb hoax she was originally falsely accused of. Harvey was acquitted for her 2013 charge and discharged of her three 2014 charges on 15 Dec 2015 during trial.**

**2 Mar 2016 and 12 Dec 2016 :**

Police inform Harvey on **2 Mar 2016** that they have decided not to take any action against her rapist. Harvey thus initiates civil suit HC/S 1314/2016 on **12 Dec 2016** against National Healthcare Group (NHG), the sole proprietor of IMH, to seek damages for failing to protect her from her rapist during her remand at IMH.

**4 Mar 2021 – 9 Mar 2021:**

HC/S 1314/2016 was struck out in a genuine Order of Court on **4 Mar 2021**. Harvey was called on **8 Mar 2021** to inform her to expect Court documents in the mail, and was called on **9 Mar 2021** to inform that the Court had recalled the "Correspondence from Courts". **Harvey received both documents via mail on 9 Mar 2021; unknown to her, the latter was forged by Mercury in exchange for \$3,000 paid by NHG's law firm, and many instead falsely believe Harvey forged it.** She has still not seen any justice for her rape.

**Incident: 18 Nov 2021**

Harvey publishes Instagram story hoping to cause her rapist a fraction of the fear he inflicted on her.

**Charged: 22 Nov 2021**

**Arraigned: 29 Nov 2021**

**MCN-900757-2023**

4th Charge: PoHA § 5(1)(a)(ii)

**10 Apr 2023 – 13 Apr 2023:**

J-min's maternal grandfather was certified dead at around 9pm on **10 Apr 2023**, with cause of death listed as bacterial pneumonia and assumed to be natural. Mercury reveals on **11 Apr 2023** that Heather had caused his death using poison, and J-min was expected to vocally oppose autopsy, which she did. The IO who certified the death was assigned to be away on field duty until after cremation at 3pm on **13 Apr 2023**, after which the body would no longer be available for autopsy.

**26 Apr – 28 Apr 2023, 7.20pm:**

Tangaraju s/o Suppiah was executed by hanging on **26 Apr 2023**, and his wake was held from **26 to 28 Apr 2023** after which he was buried. Harvey attends Tangaraju's wake and funeral on **28 Apr 2023**, during which **Heather stalked Harvey throughout the wake and funeral and managed to spike a drink only Harvey ordered (*limau panas*) with phencyclidine while all drink orders from funeral guests were being prepared.**

**30 Apr 2023 – 10 May 2023:**

While spiked with phencyclidine, Harvey was expected to publish Instagram stories which she could be charged for. On **30 Apr 2023**, her Instagram story at 7.26am led to police arriving at her doorstep at 6.57pm. She was remanded to IMH on **5 May 2023** with her bail revoked, and on **10 May 2023, the CID's MCD had sought Harvey's false testimony to pin J-min for her grandfather's death, in exchange for withdrawing her 4th charge.**

**Incident: 30 Apr 2023**

Harvey publishes Instagram story opining that Halimah, rather than Tangaraju, deserved to hang.

**Charged: 3 May 2023**

**Arraigned: 5 May 2023**

**Withdraw all 4 charges against Harvey.  
Do not convict and sentence her for fix-ups!**

# Demand #2: Stop Mercury's Crimes

Mercury has yet to be charged for most of Mercury's crimes.

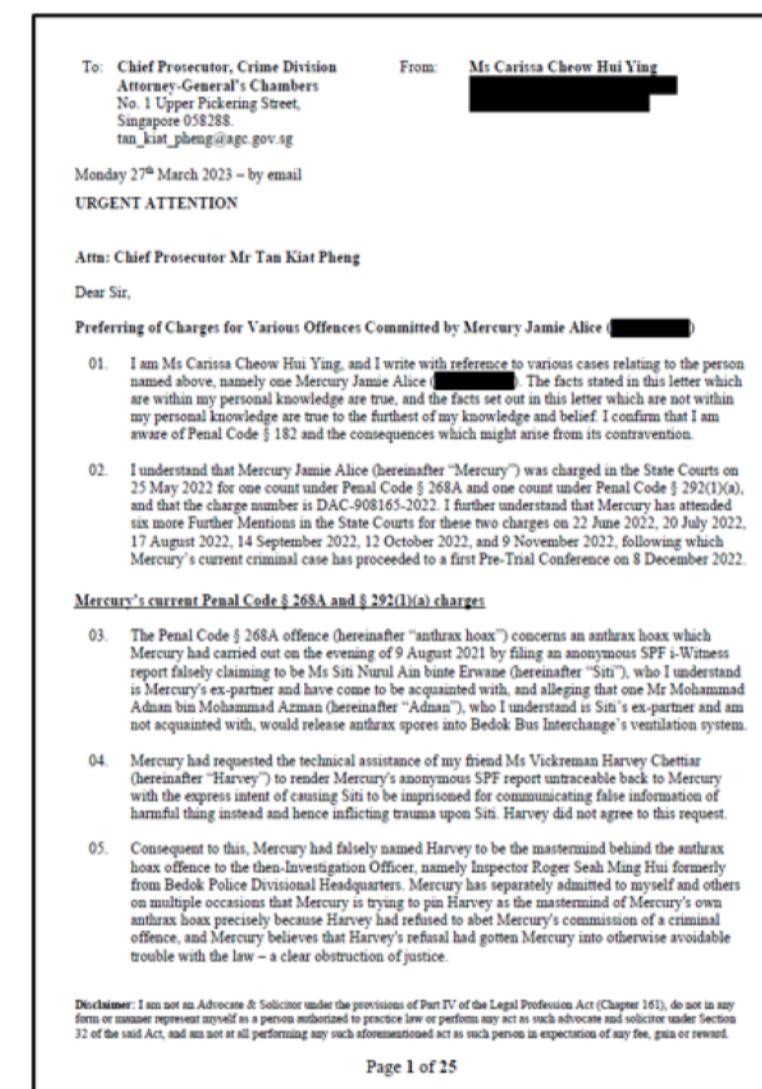

## Summary of Mercury's Crimes

For over fourteen months since 21 June 2022, numerous persons from a wide range of social circles have been directly and persistently targeted by a far-right extremist adversary, known as Mercury Jamie Alice, in an escalated campaign of concerted criminal intimidation. This has resulted in an ongoing nonstop crisis situation significantly affecting the everyday existence, safety, and security for the victims involved, peers, families, and communities. In response, over 50 known police reports have been lodged across all of Singapore's seven police land divisions by 17 distinct individuals and one hospital regarding crimes committed by Mercury, four applications for Protection Orders have been made against Mercury in the Protection from Harassment Court which has granted three Expedited Protection Orders against the adversary, and a complaint has been lodged with the Corrupt Practices Investigation Bureau.

Mercury, who is assisted by accomplices for some of these crimes, is known to have committed a false threat of terrorist attack, 9 murders, 12 rapes, 16 molests, 4 pedophilia cases (one of which involves incest with an 8-year old sister) with victims aged between 5 and 11, nonconsensually recorded intimate photographs and videos of 35 persons during sex, circulated nonconsensual intimate recordings to 120,000+ recipients as of July 2022 based on police estimates and having them minted as non-fungible tokens (NFTs), installed 5 remote surveillance cameras in three locations to monitor three residences, exploited a Windows XP vulnerability to unlawfully access CCTV footage in a condominium, covertly installed spyware on mobile phones and laptops belonging to 3 persons, forged a court correspondence document in exchange for \$3,000 payment, and utilized six Line2 subscription numbers and two foreign SIM cards across three burner mobile devices to repeatedly threaten and falsely personate countless persons with a view to evading culpability for these crimes; this is just the tip of the iceberg, and nearly 3,500 screenshots consequently had to be compiled into two bundles of evidence totaling over 1,000 pages.

Mercury was charged for false terror threat after **289 days**, without remand to IMH, yet Harvey was charged for Instagram story after **5 days**, remanded to IMH, and with bail revoked.

# Why?

## Charge Mercury for Mercury's crimes. Do not charge Harvey for Mercury's crimes!

# Demand #3: Stop Operation High Tide

Far-right actors must never be allowed to govern Singapore.

## Summary of Operation High Tide

The far-right extremist adversary, Mercury Jamie Alice, has until much more recently been enabled by at least nine known local and transnational far-right religious fundamentalist organizations jointly receiving US\$200,000 in foreign funding under a larger-scale and ongoing “Operation High Tide” to obtain compromising intelligence on targeted individuals and carry out a series of fix-up operations against these individuals to publicly discredit the victims of Mercury as dangerous actors from a dangerous demographic so as to expedite the advancement of far-right religious fundamentalist public policy objectives in Singapore targeted against such demographic segments.

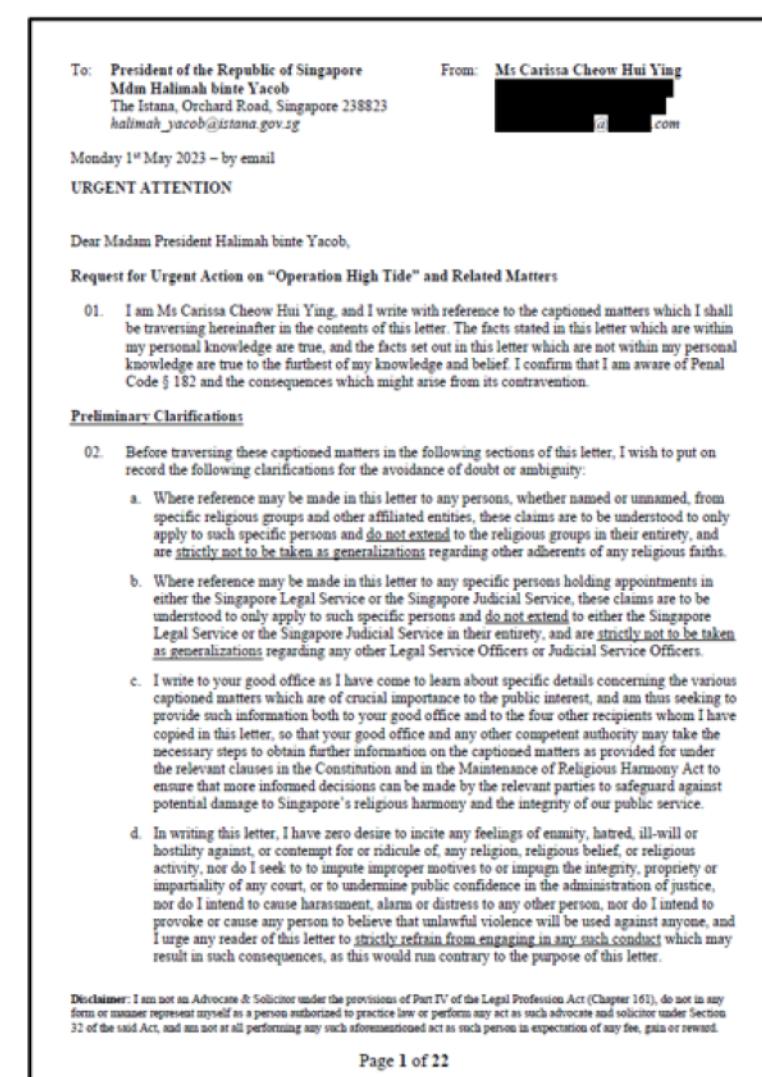

“Operation High Tide” aims to turn society as a whole against demographic segments disfavoured by Christian fundamentalists and get these “perversions” criminally punishable, and this involves actively influencing public policy through the People’s Association, which then directly affects legislation to favour goals that advance the Christian fundamentalist worldview.

“Operation High Tide” is unfortunately not an isolated instance, but is part of a much larger-scale series of foreign influence operations conducted across the world by US-based Christian Far-Right Extremist groups which are found to have “spent increasing amounts of money globally to influence foreign laws, policies and public opinion in order “to stir a backlash” against sexual and reproductive rights”. The size of such spending has been found to amount to “at least \$280m in ‘dark money’ fuelling campaigns against the rights of women and LGBTIQ people across five continents”. Here are some examples of such:

## “Request for Urgent Action on “Operation High Tide” and Related Matters”

Scan QR code to read:

Singapore was founded upon a commitment to building a multi-racial and multi-religious society, and remains a diverse society situated in a geopolitically complex regional neighbourhood where our survival as a people depends on the continued integrity of our public service, the continued importance of upholding the rule of law, and the continued safeguarding of our shared common space without succumbing to the rising trend of groups seeking to dominate and impose their own values onto the rest of society.

Operation High Tide is a threat to Singapore’s survival.

**Investigate Operation High Tide thoroughly.  
Do not sweep wrongdoings under the carpet!**

# Demand #4: Fix Problems, Not People

Singaporeans face real problems.

**Focus on fixing these instead.**

Our “rice bowl” is at stake.

- ✓ **Slowing** wage growth
- ✓ **Slowing** job vacancies
- ✓ **Rising** job insecurity
- ✓ **Rising** rent and prices
- ✓ **Longer** working hours
- ✓ **Longer** working years

and yet, unfortunately,  
this keeps happening instead:

- ✓ Perceived conflicts of interest in rental of **26 and 31 Ridout Road**
- ✓ Ongoing CPIB corruption probe into Cabinet Minister **S Iswaran**
- ✓ Tan Chuan-Jin refers to WP MP Jamus Lim as “ **fucking populist**”
- ✓ **Improper relationship** between Tan Chuan-Jin and Cheng Li Hui

**Fix these real problems!**

Stop fixing up Mercury’s victims.

**Investigate all these fix-ups.**

**Operation High Tide (2020 –)**

Coordinated by the Christian far-right

- ✓ **Operation Mandrake (against J-min)**

- ✓ **Operation Poison Ivy (against Harvey and J-min)**

- ✓ **Operation Werewolf (against Lune and J-min)**  
To find and train 1 suitable accuser to falsely accuse target of sexual assault by penetration with convincing video testimony from accuser and cause target to be extradited back to Singapore from the UK to face false charge, so as to publicly discredit target and hence also discredit target's alibi for Operation Mandrake
- ✓ **Operations Pillory-v1 to v4 (against Harvey)**  
To find 10-15 accusers from short-term visitors to falsely accuse target of multiple counts of molest (v1), and after lack of such willing accusers available, to find 1 accuser to accuse target of rape (v2), thereafter refining accusation to specifically rape using prosthetic penis (v3), and finally after infeasibility of v1-v3, to recruit NEETs to create fake accounts under target's name and harass multiple victims to pester them for sex (v4)

- ✓ **Operation Louve-Garoul (against Lune)**  
Planned in the UK via Plaid Gristnogol Cymru liaising with contacts in CanaVox Brighton, to find 2 children (and their parents) in Surrey to falsely accuse target of child sexual abuse by allegedly grooming accusers to penetrate target, so as to cause target to be charged in the UK and ordered to reside in sex-segregated Approved Premises while on bail pending trial until case concludes, where target is likely to be assaulted

- ✓ **Operation Aldhulih (against Unnamed Target #7)**  
To map out and demolish target's support base, assessed to be primarily in university student organizations which target was part of, as preparation before executing Operation Awarah against target, so that target will be vulnerable to attack with nobody likely to advocate for target after demolishing target's support base

- ✓ **Operation Alqamashia (against Harvey)**  
To hire mercenary via another hired intermediary to use spray-paint to vandalize wall of underpass to Exit A of Buona Vista MRT Station with anti-death-penalty graffiti so as to falsely accuse target of offence after ruling out other likely suspects and not finding target on any police cameras at the time of the vandalism

### Operation Ink Tiger

To erase all hard evidence, physical and electronic, against Mercury Jamie Alice by end-July 2023, through:

- detaining 3 officers in CID's Major Crime Division team involved in attempting to extract false testimony from Harvey against J-min as part of Operation **Poison Ivy**
- exploring options for detaining two of Mercury's known victims of sexual assault (J-min and Mercury's stepsister)
